## About the Institute

Kakinada Institute of Technology and Science was established in 2008 at Tirupathi Village, Divili, East Godavari District under the aegis of "Srinivasa Educational Society" Rajahmundry. It is popularly known with its acronym KITS, Divili. The Tirupathi Village is having 1500 yrs Old Temple "Lord Venkateswara" which a famous one. K.I.T.S is located at Divili on the Samalkota to Prathipadu road. It offers Six UG (B.Tech) Programmes in Agricultural Engineering, Civil Engineering, Computer Science and Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering, Mechanical Engineering, different PG Programmes M.Tech (Structural Engg), M.Tech (Thermal Engg), M. Tech (CAD/CAM), M.Tech(CSE), M.Tech (Power Electronics), M.Tech(Embedded Systems&VLSI Design), MBA, M.Pharm. The institute is also offers Three Diploma Programmes in Civil Engineering, Mechanical Engineering, Electrical and Electronics Engineering.

## About the Department

The Entrepreneurship Development Cell (EDC) is promoting specialized knowledge in the field of entrepreneurship development. In view of the worldwide shortage of jobs (both government and private sectors) leading to unemployment problems and lack of proper utilization of human resources, the cell strives to identify talented youth to entrepreneurial works. The cell plans to organize various programs regarding entrepreneurship development.

ED Cell was formed to impart our strategic intent for the well-being of the Student Community in turn to upgrade the Society. Social Entrepreneurship and Inclusivity – Introducing students with social entrepreneurship, this deals with issues of poverty, unemployment and inequality in society. As per the interest of students, various training sessions are organized by the college. Students get the appropriate guidance as per requirement and are promoted and motivated to form an enterprise.

## Objectives of the Programme

To enhance the students understanding of Entrepreneurship and their knowledge in the small scale and also solving the unemployment problems

The areas of innovation and converting those innovative ideas in to viable business enterprises.

## Topics to be covered

Small-scale enterprises are a significant source of employment

Government policies and programs designed to support small-scale enterprises

**Program Report**

Date: 19/04/2019

Name of the Program: A One day seminar on “The Role of Small Scale Enterprises in solving unemployment problems”

Date/s: 18/04/2019

No. of Days: 01

Benefited to: Students

Number of Participants: 55 Students.

Resource Person/s Details: **Dr. T. Subba Rayudu,**

**Assoc. Prof, Management Studies Department,**

**Andhra Loyola Institute of Engineering & Technology,**

**Vijayawada.**

The Seminar on Role of Small Scale Enterprises in solving unemployment problems started with inauguration at 10Am after the Coordinator of the event given the introduction Speech. The guest was introduced and the Seminar started with the basic definitions of Small Scale Enterprises. And the highlighted points from the seminar are Small scale industries are seen as veritable instruments for the industrial development of a nation. Industrial development involves the development of a technical arrangement that moves an economy from traditional method of production to a more complex system of mass manufacture of variety of goods and services involving technology and management techniques. And explained the Unemployment reasons and gave the remedies for that. The students were actively participated by asking huge number of queries and the Resource person answered all the questions. The event was ended with National Anthem.

**Objective of the Event:** To understand the Role of SSE's in solving Unemployment problems.

**Outcome of the Event:** The students familiar with how the Small Scale Enterprises are solving Unemployment Problems.

## About the Institute

Kakinada Institute of Technology and Science was established in 2008 at Tirupathi Village, Divili, East Godavari District under the aegis of "Srinivasa Educational Society" Rajahmundry. It is popularly known with its acronym KITS, Divili. The Tirupathi Village is having 1500 yrs Old Temple "Lord Venkateswara" which a famous one. K.I.T.S is located at Divili on the Samalkota to Prathipadu road. It offers Six UG (B.Tech) Programmes in Agricultural Engineering, Civil Engineering, Computer Science and Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering, Mechanical Engineering, different PG Programmes M.Tech (Structural Engg), M.Tech (Thermal Engg), M. Tech (CAD/CAM), M.Tech(CSE), M.Tech (Power Electronics), M.Tech(Embedded Systems&VLSI Design), MBA, M.Pharm. The institute is also offers Three Diploma Programmes in Civil Engineering, Mechanical Engineering, Electrical and Electronics Engineering.

## About the Department

The Research and Development Cell is to focus on the scientific and industrial research in the various disciplines. The cell provides technical requirement and equipment in the campus to bridge the gap between industry and academia.

R&D cell is one of the wings of the Institute which facilitates, channelizes, records, and regulates all the academic, sponsored, collaborative research projects and consultancy works in the Institute. In a world increasingly propelled by technology, academic research forms the mainspring of a nation's economic growth. MRCET R&D cell aspires to transform the lives of young budding engineers, research scholars and faculty through their innovative ideas to contribute for research at academic level.

It conducts the research review meetings to examine the quality of research undergoing in the institution. The R&D cell also recommends for the sanction of in-house research scholarships / incentives to students and faculty members for their research work and publications.

## Objectives of the Programme

The objectives of the Seminar is

- To develop knowledge on the fundamentals of research
- To build knowledge on research design, application & data analysis
- To develop skills for synopsis/thesis development & academic writing

## Topics to be covered

Objectives of Research and relevance of Literature Review of Research

Writing the quality research paper and choosing the appropriate journal

The Seminar on Observational and Derived Research Methodology was inaugurated at 10:00Am on 22/05/2019 by the Chief Guest **Dr. G. Surekha**, Assoc. Professor, Pragati Engineering College, Surampalem in the presence of the Principal of KITS in the Seminar Hall. The Programme was organized by the Research & Development Cell of KITS. The Coordinator delivered the welcome address. Chief Guest Dr. G. Surekha gave more information about Observational and Derived Research Methodology. She explained full detail about importance of observation research, role of Observational research Methodology. Also she explains component of Research Methodology. Finally she compares the operational and derived research methodology. During the interaction session she clarified the doubts raised by the participants.

**Objective of the Event:** To give awareness about Observational and Derived Research Methodology to the Students.

**Outcome of the Event:** The students familiar with Observational and Derived Research Methodology.

## About the Institute

Kakinada Institute of Technology and Science was established in 2008 at Tirupathi Village, Divili, East Godavari District under the aegis of "Srinivasa Educational Society" Rajahmundry. It is popularly known with its acronym KITS, Divili. The Tirupathi Village is having 1500 yrs Old Temple "Lord Venkateswara" which a famous one. K.I.T.S is located at Divili on the Samalkota to Prathipadu road. It offers Six UG (B.Tech) Programmes in Agricultural Engineering, Civil Engineering, Computer Science and Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering, Mechanical Engineering, different PG Programmes M.Tech (Structural Engg), M.Tech (Thermal Engg), M. Tech (CAD/CAM), M.Tech(CSE), M.Tech (Power Electronics), M.Tech(Embedded Systems&VLSI Design), MBA, M.Pharm. The institute is also offers Three Diploma Programmes in Civil Engineering, Mechanical Engineering, Electrical and Electronics Engineering.

## About the Department

The IPR Cell provides a platform to share and discuss the latest development and applications with practical exposure and extends its help to innovators including faculty members, students and research scholars.

- Intellectual property Rights: means the rights derived from the IP e.g. Patents, registered designs, copyright etc.
- To impart training on future endeavors regarding patent filing process.
- To conduct workshops, seminars and training course on IPR.
- To promote better understanding of IPR.
- To encourage faculty members and students to go to patentable works.
- Frame and keep updated IPR policy to the various stakeholders and the inventors of the Institution.

## Objectives of the Programme

Enlightening the objective of the Trade Marks Act, 1999 is to register trademarks applied for in the country and to provide for better protection of trade mark for goods and services and also to prevent fraudulent use of the mark..

## Topics to be covered

- Categories
- Word marks
- Device marks
- Service marks
- Collective marks
- Certification marks
- Well known marks
- Unconventional marks
- Trademark Act, 1999 Section 2(1)(e) for trademark infringement
- Strength of trademarks

**SRKR Engineering College,**

**Bhimavaram.**

Under the title of MAINTENANCE OF REGISTERED TRADEMARK One day Seminar was organised by the IPR CELL. Seminar started with the inaugural function by 10:00 AM in the Seminar hall. After the inaugural function Technical session was taken by Dr. G. Mahesh, under the title of MAINTENANCE OF REGISTERED TRADEMARK. Dr. G. Mahesh had described what is a trademark, need for renewal and how to renewal a trademark etc. Dr. G. Mahesh explained about two available options for renewal process. The session is very interactive. Student and faculty had asked many questions to resource person to gain knowledge about maintenance of registered trademark.

**PURPOSE OF THE SEMINAR:** To develop knowledge about the Restoration of trademarks.

**OUTCOME:** Students gain knowledge about renewal process of trademark and its importance.

## About the Institute

Kakinada Institute of Technology and Science was established in 2008 at Tirupathi Village, Divili, East Godavari District under the aegis of "Srinivasa Educational Society" Rajahmundry. It is popularly known with its acronym KITS, Divili. The Tirupathi Village is having 1500 yrs Old Temple "Lord Venkateswara" which a famous one. K.I.T.S is located at Divili on the Samalkota to Prathipadu road. It offers Six UG (B.Tech) Programmes in Agricultural Engineering, Civil Engineering, Computer Science and Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering, Mechanical Engineering, different PG Programmes M.Tech (Structural Engg), M.Tech (Thermal Engg), M. Tech (CAD/CAM), M.Tech(CSE), M.Tech (Power Electronics), M.Tech(Embedded Systems&VLSI Design), MBA, M.Pharm. The institute is also offers Three Diploma Programmes in Civil Engineering, Mechanical Engineering, Electrical and Electronics Engineering.

## About the Department

The IPR Cell provides a platform to share and discuss the latest development and applications with practical exposure and extends its help to innovators including faculty members, students and research scholars.

- Intellectual property Rights: means the rights derived from the IP e.g. Patents, registered designs, copyright etc.
- To impart training on future endeavors regarding patent filing process.
- To conduct workshops, seminars and training course on IPR.
- To promote better understanding of IPR.
- To encourage faculty members and students to go to patentable works.
- Frame and keep updated IPR policy to the various stakeholders and the inventors of the Institution.

## Objectives of the Programme

The main objective of the program is to know the difference between patent, copyright, and trademark.

## Topics to be covered

- Overview on patent
- Overview on Copyright
- Overview of trademark
- Key Differences between Patent, Copyright and trademark
- Key Points to Remember on Patent, Copyright and trademark

## About the Institute

Kakinada Institute of Technology and Science was established in 2008 at Tirupathi Village, Divili, East Godavari District under the aegis of "Srinivasa Educational Society" Rajahmundry. It is popularly known with its acronym KITS, Divili. The Tirupathi Village is having 1500 yrs Old Temple "Lord Venkateswara" which a famous one. K.I.T.S is located at Divili on the Samalkota to Prathipadu road. It offers Six UG (B.Tech) Programmes in Agricultural Engineering, Civil Engineering, Computer Science and Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering, Mechanical Engineering, different PG Programmes M.Tech (Structural Engg), M.Tech (Thermal Engg), M. Tech (CAD/CAM), M.Tech(CSE), M.Tech (Power Electronics), M.Tech(Embedded Systems&VLSI Design), MBA, M.Pharm. The institute is also offers Three Diploma Programmes in Civil Engineering, Mechanical Engineering, Electrical and Electronics Engineering.

## About the Department

The Entrepreneurship Development Cell (EDC) is promoting specialized knowledge in the field of entrepreneurship development. In view of the worldwide shortage of jobs (both government and private sectors) leading to unemployment problems and lack of proper utilization of human resources, the cell strives to identify talented youth to entrepreneurial works. The cell plans to organize various programs regarding entrepreneurship development.

ED Cell was formed to impart our strategic intent for the well-being of the Student Community in turn to upgrade the Society. Social Entrepreneurship and Inclusivity – Introducing students with social entrepreneurship, this deals with issues of poverty, unemployment and inequality in society. As per the interest of students, various training sessions are organized by the college. Students get the appropriate guidance as per requirement and are promoted and motivated to form an enterprise.

## Objectives of the Programme

To assess the viability of a project based on a major pivotal component: will the project or business have enough cash to complete the project (and generate a profit).

## Topics to be covered

Project management is the process of planning, organizing, and managing resources to bring about the successful completion of specific project goals and objectives.

A feasibility study is a preliminary exploration of a proposed project or undertaking to determine its merits and viability.

**Program Report**

Date: 16/12/2019

Name of the Program: A One Day Seminar on “Feasibility Study as a tool for Entrepreneurial Success”

Date/s: 19/12/2019

No. of Days: 01

Benefited to: Students

Number of Participants: 118 Students.

Resource Person/s Details: **Dr. N. Subramanyam,**  
**Professor & Head,**  
**Department of Business Administration,**  
**SRK Institute of Technology, Vijayawada.**

The Seminar on “Feasibility Study as a tool for Entrepreneurial Success” started with inauguration at 10Am with coordinator introduction Speech. The guest was introduced by the Coordinator and the Seminar started with the basic definitions of Entrepreneur and the Success stories of Entrepreneurs of Dhirubhai Ambani, JRD Tata, Shiv Nadar..etc. And the highlighted points from the seminar are the dynamic nature of today’s business environment has led to an increase in the risks and uncertainties that are faced by organizations. The growth in the degree of awareness of the customers has led to a dramatic increase in competition as more and more companies are now trying to cater to the needs of these customers. It has become crucial for businesses to outshine competition in terms of provision of value to its clients. Survival in the marketplace has become difficult, however, entering it is an entire different story. An absence of proper planning and forethought leads to the failure of entrants. The Resource person enlightens the students with various Feasibility study tools like Financial, Economical and Technical feasibility. The students were actively participated by asking huge number of queries and the Resource person answered all the questions. The event was ended with National Anthem.

**Objective of the Event:** To understand the different tools for Success of the Entrepreneurs.

**Outcome of the Event:** The students acquainted with the knowledge of various tools for Entrepreneurial Success.

## About the Institute

Kakinada Institute of Technology and Science was established in 2008 at Tirupathi Village, Divili, East Godavari District under the aegis of "Srinivasa Educational Society" Rajahmundry. It is popularly known with its acronym KITS, Divili. The Tirupathi Village is having 1500 yrs Old Temple "Lord Venkateswara" which a famous one. K.I.T.S is located at Divili on the Samalkota to Prathipadu road. It offers Six UG (B.Tech) Programmes in Agricultural Engineering, Civil Engineering, Computer Science and Engineering, Electrical and Electronics Engineering, Electronics and Communication Engineering, Mechanical Engineering, different PG Programmes M.Tech (Structural Engg), M.Tech (Thermal Engg), M. Tech (CAD/CAM), M.Tech(CSE), M.Tech (Power Electronics), M.Tech(Embedded Systems&VLSI Design), MBA, M.Pharm. The institute is also offers Three Diploma Programmes in Civil Engineering, Mechanical Engineering, Electrical and Electronics Engineering.

## About the Department

The Entrepreneurship Development Cell (EDC) is promoting specialized knowledge in the field of entrepreneurship development. In view of the worldwide shortage of jobs (both government and private sectors) leading to unemployment problems and lack of proper utilization of human resources, the cell strives to identify talented youth to entrepreneurial works. The cell plans to organize various programs regarding entrepreneurship development.

ED Cell was formed to impart our strategic intent for the well-being of the Student Community in turn to upgrade the Society. Social Entrepreneurship and Inclusivity – Introducing students with social entrepreneurship, this deals with issues of poverty, unemployment and inequality in society. As per the interest of students, various training sessions are organized by the college. Students get the appropriate guidance as per requirement and are promoted and motivated to form an enterprise.

a
